

DOORWAYS 2 CONSTRUCTION PATHWAY

Certificate I in Construction (CPC10111)

This Certificate I in Construction provides an introduction to the construction industry, its culture, occupations, job roles and workplace expectations. The units of competency cover essential work health and safety requirements, the industrial and work organisational structure, communication skills, work planning and basic use of tools and materials. The qualification is built around a basic construction project unit that integrates the skills and embeds the facets of employability skills in context.

National Competencies Delivered:
